Obtaining Your Credit File

ISS completes background checks by investigating individuals and providing the findings to its customers. It may also perform validations that require the review and authentication of records submitted by its customers. Once a background check or validation is complete, ISS maintains the findings and related information exclusively for audit and legal purposes; that information is not reused to provide future reports to anyone.

ISS does not maintain credit bureau files. To obtain a copy of your credit bureau report, or for information regarding your credit file, including trade-line accounts such as credit cards, utility bills and bankruptcy information, please contact one of your national credit reporting agencies (CRAs) or credit reference bureaus. If you are a citizen or resident of the United States you may contact one of the CRAs listed below.
